About Us

Since 2015, PT. Anugerah Triipta Otomasi has been a trusted provider of innovative industrial automation and smart home solutions. We specialize in PLC, HMI, SCADA, IoT, and energy monitoring, enabling businesses to achieve seamless operations through advanced technology. Our expertise ensures precise control, seamless integration, and optimized system performance for diverse industries.

Vision

To be a global leader in industrial automation and smart technology solutions, empowering businesses and households with innovative, reliable, and efficient systems.

Mission

1. Deliver tailored automation and IoT solutions that enhance efficiency, productivity, and sustainability.
2. Lead the adoption of Industry 4.0 technologies for industrial and smart home applications.
3. Promote energy-efficient and cost-effective solutions for long-term sustainability.

ENGINEERING SERVICES

Industrial Automation & Control

1. **PLC, HMI & SCADA Programming** – Custom automation solutions for optimized process control.
2. **IoT Solutions & Smart Integration** – Real-time data collection, remote monitoring, and predictive maintenance.
3. **Energy Monitoring & Optimization** – Advanced metering for improved energy efficiency and cost savings.

Electrical & Control System Solutions

- 4. **Panel Wiring & Electrical Control** – Safe and industry-compliant electrical installations.
- 5. **Motor Control & Drives** – VFDs, soft starters, and automation for improved motor performance.
- 6. **Electrical Design & Drafting** – Custom schematics, panel layouts, and wiring diagrams.

Smart Home & Security Solutions

- 7. **Smart Home Automation** – Intelligent lighting, climate control, and security systems.
- 8. **CCTV & Surveillance** – High-quality security solutions with remote monitoring and analytics.

HARDWARE PRODUCTS

- Controller & Software Interface** : PLC, HMI, SCADA Software, Data Historian Software.
- Motor Drives** : Variable Frequency Drive (VFD) & Softstarter.
- Sensors** : Proximity, Photoelectric, Pressure, Temperature, Flow, Load Cell.
- Energy Monitoring** : Power meter, Change Over Switch.
- Smarthome** : Video Intercom, Smart Locks, IoT Modules, Motorized Curtains.
- CCTV & Security** : TurboHD, IP Cameras, Motion Sensors, Alarm Controllers

Industrial Automation Projects

1. Automated Food Processing System

Reduced production time by 50% through PLC & SCADA-based automation, optimizing temperature control and heat exchange efficiency.

2. Smart Retort Automation with Recipe Management

Implemented PLC & HMI-based recipe automation for consistent sterilization and improved process efficiency.

3. Automated Drum Filling System

Enhanced accuracy, reduced manual intervention, and increased production efficiency.

4. Conching Tank Filling System

Integrated automated volume control, minimizing errors, downtime, and product waste.

5. Rotomolding Machine System Upgrade

Replaced and reprogrammed PLC & HMI for improved machine reliability and performance.

6. Rock n Roll Rotomolding Automation

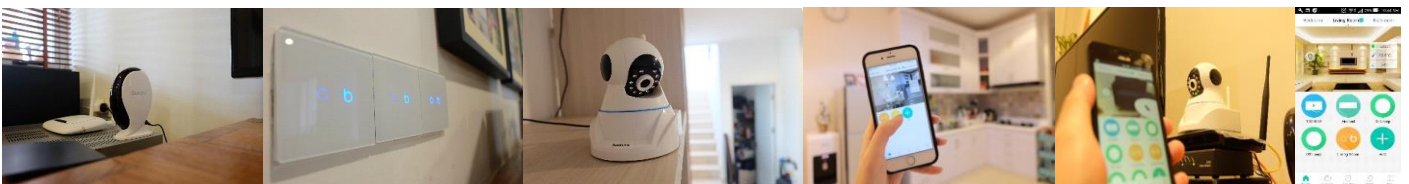

Designed an advanced electrical and automation control system for precise machine operations.

Smarthome & Security Projects

7. Smart Home Automation

Remote-controlled lighting, power, security, and climate control for enhanced residential convenience.

8. CCTV & Surveillance Projects

Implemented wired and wireless surveillance systems for robust security solutions.

PARTNER BRANDS

We collaborate with leading global brands to ensure high-quality solutions:

- **Controller & Interfaces:** Siemens, Schneider, Omron, Weintek, Weidmüller.
- **Industrial Sensors:** IFM, Omron, Autonics, Socomec.
- **SCADA Software:** Wonderware.
- **Motors Drives:** Nidec, Schneider, Siemens.
- **Smart Home Devices:** Geeklink.
- **CCTV & Security:** Hikvision.

OUR CLIENTS

We proudly serve a diverse range of industries:

- **PT. Indofood CBP Purwakarta**
- **PT. Kaldu Sari Nabati Majalengka**
- **PT. Heinz ABC Karawang**
- **PT. Gunacipta Multirasa**
- **PT. Kemenangan**
- **PT. Prima Sarana Makmur**
- **PT. Mitra Sigma Tekindo**
- **PT. Sinar Atom Indonesia**
- **PT. Kurnia Mulia Citra Lestari**
- **De Callista Prima Residence**
